PRINCIPAL TOPICS COVERED

DRAFTING, ASSESSING AND RESOLVING CLAIMS IN CONSTRUCTION CONTRACTS

Introduction/ Purpose of Course

- This is an intensive two day course comprising two main modules/sessions on the topics of Drafting, Assessing and Resolving Claims in Construction Contracts.
- The course is intended to be more of a workshop involving active participation by the attendees especially during the Q&A Session.

The principal aims of the above course is to expose the participants to:

- The principal substantive issues pertaining to Claims in the Construction Industry especially in ensuring that Claims are properly drafted and assessed and, if they do develop into disputes, how these can be satisfactorily resolved without causing undue expenditure of money, time and other resources on the part of contractors, sub-contractors/suppliers, professionals and employers/users.
- The prevailing provisions in the more commonly occurring contemporary Construction Contracts e.g. PAM Contract 2006/2018, JKR(Sarawak), JKR (Federal), CIDB, AIAC/KLRCA 2017/2018, FIDIC, etc. pertaining to the instant subject; their nature, effects and limitations.
- The important procedures vis-à-vis the types, nature, practices and effects of Claims, and their proper drafting, evaluation/assessment and ultimate resolution.
- The legalities pertaining to the topics under consideration inclusive of the review of the relevant case law.
