

CHANGE OF EVENT DATE

Warm greetings from the Royal Institution of Surveyors Malaysia (RISM)!

RISM organises the International Surveyors' Congress (ISC) annually since 1999. The coming ISC is the 22nd in the series. It will be held at Istana Hotel, Kuala Lumpur on 25th - 26th June 2020.

However, in light of the development of the Covid-19 pandemic and taking cognizance of the advisory against mass gatherings by the World Health Organisation as well the limitations on movements, the 22nd International Surveyors' Congress (ISC) will hence be postponed. This is a very difficult decision as it will bring many disruptions of plans to all parties involved but this decision is in the best interest of everyone.

After considering the development of the Covid-19 pandemic and the related travel restrictions resulting from this pandemic, the Organising Committee has decided to defer the Congress date to **November 2020**. The new dates will be announced soon.

Thank you and keep safe!
